Your opinion on the Selection & Appointment of Judges

My Views on the Selection and Appointment of Judges The selection and appointment of judges is a matter that directly affects the independence, credibility and functioning of our judicial system. In my view, judicial appointments must be based primarily on merit, integrity, competence, experience and an understanding of the constitutional role of the judiciary. The process must also inspire confidence among the Bar and the public.

Section 9: Message to Voters

In one paragraph (100 words or less), describe to voters what you stand for as a candidate

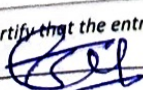

Advocate welfare should be at the centre of the SCBA's functioning. I believe our focus must be on practical support that improves the professional and personal security of advocates. Better welfare schemes, financial assistance where genuinely required, improved working facilities and a responsive grievance mechanism can make a meaningful difference to the everyday lives of our members. Chamber allotment should be fair, transparent and based on clearly defined and publicly known criteria. Long-serving members and genuine professional requirements should receive due consideration, while younger advocates should also have a meaningful opportunity to build their practice. The process should inspire confidence and eliminate unnecessary uncertainty or discretion.

Young advocates are the future of the Bar, but the initial years of practice can be extremely challenging. We need stronger mentorship, professional guidance, access to resources and opportunities for meaningful exposure. I would like the SCBA to create initiatives that help young lawyers build sustainable practices while preserving the dignity and independence of the profession.
